### Commercial development of Yuzhno-Aleksandrovsky and Kuskovsko-Shiryayevsky portions of Tuganskoye ilmenite-zirconium placer deposit in Tomsk Region

Design and construction of a mining and processing plant to provide zirconium, ilmenite, rutile-leucoxene concentrates and silica sand for glass production

- **New jobs**: 204
- **Estimated project cost**: 5,280m rubles
- **Project geography**: Tomsky District
- **Project investor/initiator**: OAO Ilmenite Tugansk Mining and Processing Enterprise
- **Project life**: 2013–2020

### Exploration of hydrocarbons in the north-eastern part of Tomsk Region (Vostok Program)

Recovery of hydrocarbons to feed the Eastern Siberia – Pacific Ocean oil pipeline. Oil volume to feed the pipeline: 15–18 mln tons. Gas volume: 6 bln m³

- **Estimated project cost**: 11,750m rubles
- **Project geography**: Kolpashevsky, Kargasoksky Districts
- **Project investor/initiator**: Central Siberian District (Tsentrsibnedra), Krasnoyarsk
- **Project life**: 2009–2017

### Extraction of hydrocarbons by OAO Gazprom

Gas production: 2,033 mln m³; APG production: 1,087 mln m³; oil production: 1,767,000 tons/year; stabilized condensate production: 187,700 tons/year; commercial propane-butane blend production: 526,000 tons/year.

- **New jobs**: 316
- **Estimated project cost**: 84,620m rubles
- **Project geography**: Parabelsky, Kargasoksky Districts
- **Project investor/initiator**: OAO Tomskgazprom
- **Project life**: 2009–2015

Investment Projects in Tomsk Region: Woodworking and Wood Product Manufacturing

Construction of a particleboard plant

Setting up a modern particleboard plant with a productive capacity of 350,000 m³/year; increasing timber harvesting to 1 mln m³/year

New jobs: 560

Project life : 2012–2015

Estimated project cost : 5,400m rubles

Project geography : Tomsk

Project investor/initiator : OOO Tomlesdrev

Construction of Zelenaya Fabrika value-added wood processing mill

Setting up a vertically-integrated full-cycle forest industry complex including timber harvesting, full-cycle conversion of timber and full-cycle utilization of wood leftovers. Particleboard productive capacity: 150,000 m³/year

Project life : 2008–2017

Estimated project cost : 5,085m rubles

Project geography : Itatka, Tomsky District

Project investor/initiator : OOO Zelenaya Fabrika Wood Processing Mill

December 15, 2015
### Construction of a wood products industrial park in Asino

Creating the largest forest industry complex (over ten major and auxiliary facilities to produce lumber (220,000 m³/year), plywood veneer (100,000 m³/year) and plywood, fiberboards (MDF: 200,000 m³/year; particleboard: 300,000 m³/year), furniture and flooring, including timber procurement departments, power plants and the associated infrastructure) with timber processing centers in Asino and Bely Yar.

- **New jobs:** over 5,000
- **Project life:** 2008–2022
- **Estimated project cost:** 32,360m rubles
- **Project geography:** Asino, Asinovsky District, Bely Yar, Verkhneketsky District
- **Project investor/initiator:** ZAO Roskitinvest

### Lumber production development

Increasing the output of lumber for export.

- **New jobs:** 20
- **Project life:** 2014–2020
- **Estimated project cost:** 100m rubles
- **Project geography:** Asino, Asinovsky District
- **Project investor/initiator:** OOO Markor Yuan Dun-les
**Construction of an OSB plant**

Production of oriented strand board

Investment Projects in Tomsk Region:
Woodworking and Wood Product Manufacturing

Ekodom, wooden house building plant

Procurement of logging equipment and machinery, construction of 6,800 m² of production facilities

New jobs: 300

Estimated project cost : 3,470m rubles

Project geography : Tomsk
Project investor/initiator : OOO Mazhor Plyus in cooperation with ZAO Siberian Plant of Low-Rise Residential Construction (Novosibirsk)

Surface modification of wood and wood-polymer composites by plasma polymerization and electromagnetic radiation

Research and development in technology and production of wood surface modification equipment to enhance characteristics of wood products

New jobs: 35

Project life : 2015–2017
Estimated project cost : 48m rubles

Project geography : Tomsk, Jena (Germany)
Project investor/initiator : Tomsk State University of Architecture and Construction (co-contractor).
Coordinators:
Germany: INNOVENT e.V. Technology Development (Jena), non-commercial organization.
Russia: OOO Vakta
Investor: Foundation for Assistance to Small Innovative Enterprises
### Construction of Bely Yar Timber Processing Complex

The project involves construction of:
- Pulp-and-paper mill with a capacity of 500,000 tons of unbleached kraft pulp
- Sawmill with a capacity of 500,000 m³
- Thermal power station with a capacity of 12 MW

December 15, 2015
## Polymer production development at OOO Tomskneftekhim

Production of low-density polyethylene: 140,000 tons/year; production of polyethylene: 271,000 tons/year  
**Project life**: 2012–2016  
**Estimated project cost**: 8,225m rubles  
**Project geography**: Tomsk  
**Project investor/initiator**: OOO Tomskneftekhim, PAO SIBUR Holding

## Reconstruction and modernization of production of formalin and urea-formaldehydes

Construction of two new urea-formaldehyde concentrate (KFK-85) and low-methanol (55 %) formalin plants with an aggregate capacity of 120,000 tons/year to replace the existing obsolete technologies  
**Project life**: 2013–2015  
**Estimated project cost**: 924m rubles  
**Project geography**: Tomsk  
**Project investor/initiator**: OOO Sibmetakhim
### Launch of a PVC/uPVC pipe manufacturing plant in Seversk

- **Start-up of PVC and uPVC pipe production**
- **New jobs**: 57
- **Project life**: 2014–2015
- **Estimated project cost**: 10.7m rubles
- **Project geography**: Seversk
- **Project investor/initiator**: OOO PROFI-S

### Glyoxal production development

- **Setting up a complex of (20-25) glyoxal-based product plants with an aggregate capacity of 20,000 tons/year, as well as plants to produce over 20 unique chemicals**
- **New jobs**: 300
- **Project life**: 2012–2019
- **Estimated project cost**: 760m rubles
- **Project geography**: Tomsk
- **Project investor/initiator**: OOO Novokhim
Investment Projects in Tomsk Region:
Power, Water & Gas Production and Distribution

1. **Reconstruction of OOO STES No. 4 boiler station running on associated gas with construction of a mini CHP station**

   - Generation of auxiliary power by No. 4 boiler station and supply to the city mains in parallel with the urban electric network in the long term
   - New Jobs: 57
   - Project life: 2010–2016
   - Estimated project cost: 152.19m rubles
   - Project geography: Strezhevoy
   - Project investor/initiator: OOO STES

2. **Reconstruction of central heating substations**

   - Modernization of the public service infrastructure and ensuring its compliance with the operating standards; enhancing the municipal standards of public utility services
   - Project life: 2010–2018
   - Estimated project cost: 91.03m rubles
   - Project geography: Strezhevoy
   - Project investor/initiator: OOO STES

3. **Sub-program Development of Gas Supply and Gasification in 2015-2020 of the national program Increasing Efficiency of Energy Use in Tomsk Region**

   - Modernization of the public service infrastructure and ensuring its compliance with the operating standards; enhancing the municipal standards of public utility services
   - Project life: 2010–2018
   - Estimated project cost: 15,416.45m rubles
   - Project geography: Tomsk Region localities
   - Project investor/initiator: Tomsk Region Administration

December 15, 2015
## Investment Projects in Tomsk Region:
### Power, Water & Gas Production and Distribution

#### 2015–2019 investment program of OAO FGC UES (as far as it pertains to the fulfillment of the Agreement on cooperation between OAO FGC UES and Tomsk Region Administration in development of the Unified National (all-Russian) Electrical Grid concluded on October 1, 2010)

**Ensuring reliable supply of power to consumers; providing opportunities for adding new consumers**

<table>

### Modernization of production of rubber-insulated wire and cable conductors at ZAO Sibkabel

**Construction of a new manufacturing building and modernization of rubber and rubber-insulated cable production with a capacity of 10,400 km/year**

**Project life**: 2011–2015

**New jobs**: 4

**Estimated project cost**: 593.4m rubles

**Project geography**: Tomsk

**Project investor/initiator**: ZAO Sibkabel

---

### Modernization of ZAO Metallist plant

**Renewal and modernization of the main wire and cable conductor production unit in order to increase the output of cable products by at least 176 tons/year and 38,500 km/year across the range of products, the output of net to at least 53,900 m²/year, the output of cords to at least 868,000 cords/year**

**Project life**: 2015–2016

**Estimated project cost**: 33.15m rubles

**Project geography**: Kolpashevo, Kolpashevsky District

**Project investor/initiator**: ZAO Metallist
Cable and wire manufacturing and distribution enterprise

Launch of production of aerial bundled cables with cross-section areas of 16-300 mm². Design capacity: up to 1,440 tons of aluminum/year

- **Project life**: 2012–2017
- **New jobs**: 60
- **Estimated project cost**: 200m rubles
- **Project geography**: Seversk
- **Project investor/initiator**: OOO West-Siberian Cable Plant

Modernization and technological development of ZAO Micran RPC (first stage)

Reconstruction of the building, procurement of technological equipment to set up an electrical equipment plant

- **Project life**: 2010–2015
- **New jobs**: over 400
- **Estimated project cost**: 1,160.7m rubles
- **Project geography**: Tomsk
- **Project investor/initiator**: ZAO Micran Research and Production Company
## Investment Projects in Tomsk Region: Agriculture and Forestry

### Construction of a 1,000-cow commercial dairy farm in Pudovka, Krivosheinsky District

Construction of a livestock breeding complex with a 1,000-strong core dairy herd and a capacity of 5,400 tons of milk/year. Construction of housing and public amenities for farmworkers.

- **Project life**: 2014–2017
- **Estimated project cost**: 554.3m rubles

**Project geography**: Pudovka, Krivosheinsky District

**Project investor/initiator**: Belostok Agricultural Production Cooperative

### Construction of a modular commercial dairy farm with 600 forage-fed cows and robotic milking systems

Creating a new dairy farm with a capacity of 5,000 tons to produce high-quality milk

- **New jobs**: 50
- **Project life**: 2015–2018
- **Estimated project cost**: 6,000m rubles

**Project geography**: Nikolayevka, Asinovsky District

**Project investor/initiator**: OOO Niva Peasant Farm

### Construction of 5.4 ha of undercover greenhouses

Construction of a greenhouse complex with an autonomous built-in power center

- **New jobs**: 90
- **Project life**: 2011–2017
- **Estimated project cost**: 1,200m rubles

**Project geography**: Trubachevo, Tomsky District

**Project investor/initiator**: OOO Trubachevo
Construction of a 240-cow dairy farm

Construction of a loose-housing farm. Expansion of the milking herd; increasing milk production by 1,200 tons/year  

Estimated project cost : 75m rubles

Project geography : Kudrinsky Uchastok, Tomsky District  
Project investor/initiator : Nelyubino Agricultural Production Cooperative

Construction of a dairy complex with a 1,800-strong milking herd

Construction of a dairy complex with a 1,800-strong milking herd and a capacity of 9,500–10,000 tons of milk/year from greenfield stage  

New jobs: 120–150  
Estimated project cost : 1,300m rubles

Project geography : Rybolovo, Tomsky District  
Project investor/initiator : OOO Mezheninovsky Agricultural Production Cooperative

Modernization of advanced milk processing plants and cheesemaking factories

Modernization of the curd making plant production facilities by installing a closed-type curd production line and soft cheese production equipment  

New jobs: 15  
Estimated project cost : 139m rubles

Project geography : Seversk  
Project investor/initiator : OOO Derevenskoye Molochko
Modernization of advanced milk processing plants and cheesemaking factories
